Is there anything about your child of which we should be made aware?: (Ex. Allergies, Behavioral/Developmental/Special needs, Siblings, etc.)

This year, our Elementary children will return to a traditional classroom model for Sunday School. This will give the children a chance to connect with their teachers in a meaningful way, as well as provide some consistency within the classrooms, both between the students and the teachers. All classes will be team-taught to allow better flexibility for the teachers. The teachers will be able to decide how they want their teaching schedule to look (teach every other week, every other month, team teach every week,...) However in order to have a Sunday school program, we need YOU! Please indicate below in whatever capacities you are available to help. Lessons will require little to no prep work, and training and fellowship opportunities will be provided throughout the year, so you can be confident in your ability as a teacher! Thank you for considering serving the youngest generation of our church family!
