Address: _____

City _____ State _____ Zip _____

Cell Phone Number: _____

Name of Emergency Contact:

Person: _____ Relationship _____

Phone Number: _____ Cell Phone: _____

Is there anything about your child we should be made aware of? (Ex.: allergies, special needs, siblings, potential to be the next U.S. President):

Our Sunday School classes for Elementary children are a Rotation Model. This is a great way for the youth of our congregation to interact with the adults around them, and for the adults to spend time teaching and learning with our church's most precious resource: our children.

For the rotation model Sunday School to work, we need YOU! The first Sunday of each month acts as a Large Group Lesson, where children in Kindergarten through 5th grade meet together for the Bible lesson we will focus on for the month, taught by CM Director Tiffany Horvath. The next three Sundays of the month are "Rotation Weeks" where the original lesson from the month is repeated with different activities. The same Bible lesson is taught three different ways, and this needs parent and congregational support to work. The lessons are all prepared for you and easy to deliver—and make a lasting impression on the children. You teach the same activity to each class, working with a different age level each Sunday. We provide everything you need: the only thing missing is YOU!

Area you are interested in helping out by:

Serve as teacher (all materials will be provided, one month commitment) **YES** no

Month you can *possibly* help out teaching _____

Providing snacks one Sunday for the students (approx. 60 snacks would be needed for Pre-School through Junior High—nothing with peanuts, please)

YES **NO**
